

33rd Annual Cardiovascular Interventions

October 25-28, 2022
Hilton La Jolla Torrey Pines
La Jolla, CA

Course Director:

Paul S. Teirstein, MD, DNBPAS, FACC, MSCAI

Scripps Course Co-Directors:

Matthew J. Price, MD, FACC, FSCAI

Curtiss T. Stinis, MD, FACC, FSCAI

COURSE OVERVIEW

The primary purpose of the “33rd Annual Cardiovascular Interventions” symposium is to provide the practicing physician and cardiovascular care team with a concentrated exposure to new developments in interventional cardiology that will positively influence patient outcomes. The 2022 scientific program has been carefully designed by consulting recent key clinical trial data, articles in peer-reviewed scientific journals, physician focus groups, past evaluations, and needs assessments. Participants will learn the latest advances and debates in interventional cardiology and will return to their practice environment armed with the latest evidence-based, practical information to improve patient care and outcomes.

TARGET AUDIENCE

This course is designed for interventional cardiologists, cardiac surgeons, vascular surgeons, internists, NPs, PAs, nurses, cath lab technicians, perfusionists, registered cardiovascular invasive specialists, radiologic technologists, and those with a special interest in interventional cardiology. No experience in interventional cardiology is required, however a basic understanding of the field is recommended.

EDUCATIONAL OBJECTIVES

After attending this educational activity, participants should be able to:

- Apply new technical approaches to specific lesion subsets such as bifurcation lesions, left main lesions, chronic total occlusions and saphenous vein graft disease
- Integrate the latest guidelines and practice improvements into the management of myocardial function
- Discuss new techniques under development for transcatheter cardiac valve repair and replacement
- Reduce common catheterization laboratory patient complications using new techniques and technologies
- Critique the latest evidence supporting new coronary physiology and imaging modalities such as IVUS, OCT and FFR/iFR guided stent deployment
- Prescribe the appropriate antithrombotic therapies based on the latest data and guidelines
- Select appropriate mechanical circulatory support (MCS) devices in the cath lab

ONLINE SYLLABUS

Slides presented during the accredited portions of the symposium (when approved by the speaker), along with faculty disclosures, and all meeting reference materials are available online at <https://cvinterventions.com/2022-syllabus/>. This link was also emailed to all attendees prior to the start of the symposium. Slides approved for release will be posted online as PDFs within 24 hours of presentation, to the best of our ability.

COURSE EVALUATION & STEPS TO REQUEST YOUR CME/CE

1. Visit <https://promedicacme.com/> and scroll to the “Past CME Symposia” Section
2. Click “Take Evaluation” by the Cardiovascular Interventions 2022 icon
3. Complete and submit the appropriate program evaluation – you will be able to request ABIM MOC Points and CME Passport reporting through the form

*After submission, you will receive your certificate via email
as a PDF attachment within 2 weeks!*

CME PASSPORT

When requested through the evaluation form, the CME credits that physicians earn from this activity will be submitted to ACCME's CME Passport, a free, centralized web application where you can create a personalized account to view, track, and generate transcripts of your reported CME credit.

Important Notes:

- You must create an account with CME Passport to use this service. Visit www.cmepassport.org to create your account before you submit your evaluation.
- **Your evaluation must be submitted by November 21, 2022 to be accepted by CME Passport.**

CME & CE ACCREDITATION & DESIGNATION

Physicians & Physician Assistants

Promedica International is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Promedica International designates this live activity for a maximum of 25 *AMA PRA Category 1 Credits*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Nurses & Nurse Practitioners

Provider approved by the California Board of Registered Nursing, Provider #8495 for 25 Contact Hours.

The American Nurses Credentialing Center (ANCC) accepts *AMA PRA Category 1 Credit*™ issued by organizations accredited by the ACCME for purposes of recertification. The American Academy of Nurse Practitioners Certified Program (AANPCP) and the American Association of Nurse Practitioners (AANP) also accept *AMA PRA Category 1 Credit*™ from organizations accredited by the ACCME.

Perfusionists

The American Board of Cardiovascular Perfusion (ABCP) has approved a total of 27.6 Category 1 CEUs for perfusionists for Wednesday, October 26 (4.8), Thursday, October 27 (11.4), and Friday, October 28 (11.4).

Radiologic Technologists

The 33rd *Annual Cardiovascular Interventions* symposium has been approved by the ASRT for Category A continuing education credit. Each session is individually approved for credits as follows.

- October 26, 130-330 Session (2.25 Category A Credits)
- October 26, 4-6 Session (2.25 Category A Credits)
- October 27, 730-930 Session (2.25 Category A Credits)
- October 27, 10-12 Session (2.25 Category A Credits)
- October 27, 12-130 Session (1.75 Category A Credits)
- October 27, 130-330 Session (2.25 Category A Credits)
- October 27, 4-6 Session (2.25 Category A Credits)
- October 28, 730-930 Session (2.25 Category A Credits)
- October 28, 10-12 Session (2.25 Category A Credits)
- October 28, 12-130 Session (1.75 Category A Credits)
- October 28, 130-330 Session (2.25 Category A Credits)
- October 28, 4-6 Session (2.25 Category A Credits)

CME & CE ACCREDITATION & DESIGNATION (CONT'D)

Registered Cardiovascular Invasive Specialists

CCI does not approve CEUs directly however CCI will accept CEUs that have already been approved by accredited sponsors of the Accreditation Council for Continuing Medical Education (ACCME). RCIS attendees will claim the physician certificate option when completing the online evaluation and can use that certificate to claim CEUs from CCI.

Radiation Safety Credits for Physicians

This conference fulfills the Title 17 California Code requirement for 4 CE credits in radiation safety for the clinical uses of fluoroscopy. This statement will appear on the physician certificates.

Radiation safety materials have been included in the online syllabus for your reference at <https://cvinterventions.com/2022-syllabus/>.

ABIM MOC Points

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 25 Medical Knowledge MOC points and Patient Safety MOC credit in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

Physicians in need of MOC Points will request them through the post-course evaluation.

PLEASE KEEP THESE DATES IN MIND:

Physicians claiming MOC points for their participation in the symposium must complete the online program evaluation by December 19, 2022 in order for the MOC points to count toward any MOC requirements that are due by the end of 2022.

Evaluations received after December 19, 2022 and before March 17, 2023 will continue to be reported to ABIM and any ABIM Board Certified physician who experienced a negative status change as a direct result of insufficient MOC points will have their status adjusted once the required points have been earned.

If you need the MOC points to count for your 2022 record, please be sure to submit your evaluation by December 19, 2022. MOC points will not be available for this course after March 17, 2023.

UNRESTRICTED EDUCATIONAL GRANTS

This program is supported, in part, by unrestricted educational grants from industry, in accordance with the ACCME's Standards for Integrity and Independence in Accredited Continuing Education.

We gratefully acknowledge and thank the following contributors who have given generously to support this symposium.
